VALUES

We, the stakeholders of the Desert Cove Elementary School Community, value:

- Individual Achievement
- A Student Centered Focus
 - Life-long Learning
- Positive Character Traits
 - Collaboration
 - Communication

VISION

The vision of Desert Cove Elementary School is to create a learning community, where academic excellence is expected and diversity is recognized as strength. Children and adults will share the joy of learning and embrace a rigorous curriculum that promotes high levels of student achievement. We will meet individual needs while developing independent learners who are successful team players. Our students will acquire positive social skills, which promote respect and responsibility to self, family and community, resulting in positive self-esteem. School-community partnerships will prepare and challenge each individual to become a goal-oriented, lifelong learner. Desert Cove Elementary School is a community in which everyone is a partner in learning, using the fundamental principles of yesterday and the technology and innovation of today to prepare our students for tomorrow.

MISSION

The mission of Desert Cove Elementary School is to lead students to high academic achievement and individual excellence through professional expertise, and a rigorous, standards based curriculum emphasizing student literacy, character education and positive community collaboration.
