

Family Connection - PV's and Horizon's latest tool for students and parents!

Family Connection is a web-based data base that allows students, parents, teachers and counselors to store information, locate and investigate information for college, scholarships, careers and much more. Students and parents will enter Naviance through an area called Family Connections. Below are some of what Naviance offers.

- Building a resume, completing and updating throughout their high school years
- IGP's - Individualized Graduation Plans - academic planning
- Do What You Are - Myers-Briggs Inventory - a good predictor of career satisfaction and successes
- Learning Style Inventory - discover your best way to learn
- Registration
- Courses and recommendations by teachers
- Research colleges - huge data base
- College applications and recommendations
- College visit sign-ups
- Scholarships
- Bulletins and emails for events, dates, information from counseling
- Test scores
- On-line surveys
- Managing time lines and deadlines for decision making
- Collection of data

When students get onto pOGB, they will now see an external password. This will be needed for entering the site for Family Connection.

In order to sign on, follow these steps:

1. Access the Internet
2. <https://connection.naviance.com/pvhorizon>
3. a green screen will appear - find the section that says "**Returning User**" - Never enter under New User - you will never be a new user since the district has already registered everyone
4. pOGB user name gets entered for the email address
5. type in the external password where it says password (students can get their external password when getting on pOGB, it has just been added)
6. once entered, there is a welcoming page we invite students and parents to read
7. there is at least one news bulletin to look at, it is currently a calendar for Sept.
8. locate all of the items on the left hand side of this page, please take the time to look through these to discover what Family Connections and Naviance has to offer
