

## Horizon High School Parking Information & Rules 2009 - 2010

Horizon High School has a limited number of parking spaces available for student use and will be allocated using a permit system at the discretion of the administration. Parking on school grounds is viewed as a privilege. If a parking regulation is violated, the student's parking privileges may be denied. As a privilege, there are corresponding responsibilities for the student who drives to school, namely:

1. First, and foremost, is the responsibility of safe driving to and from school. It is the responsibility of the student to drive safely on school property, which includes obeying parking regulations. Any misconduct involving automobiles or other discipline issues may result in the loss of a student's parking privileges.
2. Students are to park in either the parking lot located on Nisbet (south of the tennis courts facing the A.P.S. wall) or the parking lot located on Greenway Road (near the football stadium). **Students are not allowed to park in any other area.** Lack of space is not an excuse for parking in a restricted area. All vehicles are to be parked properly within the striped parking stalls and are not to be driven over 5 miles per hour on school property. Only authorized persons with identification will be allowed access to the parking lots during the regular school day/year.
3. After students arrive on campus, cars will be out-of-bounds during lunch and until students leave campus at the end of their day. Students are not to loiter in the parking lots before, during or after school.
4. Students driving to school must have their vehicle registered with the high school office. Parking decals must be placed on the inside left bottom front windshield for easy recognition. Only properly registered vehicles will be allowed to park on school property.
5. If a new vehicle is obtained, a new registration card received from the assistant principal's office needs to be filled out. No new decal will be issued. The student will transfer the static vinyl decal to the new car. In the event the original car is in an accident, sold or taken away, it's the **student's responsibility to retrieve the decal for future use. If a student who has a parking permit loses that permit, they may forfeit their parking permit.**
6. **Horizon High School and the Paradise Valley School District are not responsible for damage to or theft of any vehicle.**
7. All previous fees must be paid (excluding senior graduating fees) before a permit will be issued. Qualifying seniors and juniors will be issued permits on a first-come, first-served basis. Other qualifying grade level students will be placed on a waiting list in the same manner.
8. **Students may not sell or give their tag to another student.** The tag you purchase must be for your own car. Misuse may result in the loss of your parking privileges and you may not be eligible for a refund.
9. In the rare event you need to drive a non-registered car to school, you need to do one of the following:
  - Transfer your vinyl decal to the temporary car
  - Go to the security guard in the parking lot and inform them of the change.**Failure to do one of the above may result in an after school detention or a boot on your car.**

**Signing means you have read all parking rules and regulations and agree to abide by these regulations.**
