Information about the I.D.E.A.L. web resource:

The portal is designed around the Standards and Rubrics for School Improvement (2005 revised edition). The Standards and Rubrics for School Improvement is a tool used by all schools across our state in order to identify the strengths and limitations of their overall program. This portal is a support for those standards and rubrics to enable all schools to access resources in four critical areas of school success:

Standard 1: School and District Leadership

Standard 2: Curriculum, Instruction, and Professional Development

Standard 3: Classroom and School Assessments

Standard 4: School Culture, Climate and Communication
